

JS2024 : 5th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Contribution ID: 533

Type: **not specified**

Invited talk: The role of extracellular vesicles secreted by senescent vascular smooth muscle cells in modulation of immune cell function

Sunday, 30 June 2024 14:25 (25 minutes)

Presenter: Prof. MOSIENIAK, Grażyna (Nencki Institute of Experimental Biology, PAS)

Session Classification: EXTRACELLULAR VESICLES FOR THERANOSTICS
