

JS2024 : 5th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Contribution ID: 584

Type: **not specified**

Key talk: Experimental studies on the positronium negative ion, a three-body bound state composed of a positron and two electrons

Saturday, 6 July 2024 09:00 (30 minutes)

Presenter: Prof. NAGASHIMA, Yasuyuki (Tokyo University of Science)

Session Classification: POSITRONIUM IN FUNDAMENTAL AND MATERIAL PHYSICS
