

JS2024 : 5th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Contribution ID: 586

Type: **not specified**

Invited talk: Possibility to Detect Electrolyte Disorder Using PET with Positron Annihilation Lifetime Spectroscopy

Saturday, 6 July 2024 09:55 (25 minutes)

Presenter: Prof. ZALESKI, Radek (Maria Curie-Skłodowska University)

Session Classification: POSITRONIUM IN FUNDAMENTAL AND MATERIAL PHYSICS
