

JS2024 : 5th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Contribution ID: 595

Type: **not specified**

Invited talk: Superparamagnetic nanoparticles – a versatile platform for imaging and theranostic innovations

Saturday, 6 July 2024 15:45 (25 minutes)

Presenter: Prof. KUNCIC, Zdenka (University of Sydney, Australia)

Session Classification: MEDICAL IMAGING INNOVATIONS
