

JS2024 : 5th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Contribution ID: 630

Type: not specified

Design study of a breast-dedicated PET/SPECT detector built from inorganic scintillators and WLS fibers

Friday, 5 July 2024 15:20 (20 minutes)

Presenter: Prof. GEORGADZE, Anzori (Kiev Institute for Nuclear Research)

Session Classification: PET IMAGING INNOVATIONS
