

JS2024 : 5th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Sunday 30 June 2024

PET IMAGING INNOVATIONS (15:45-17:00)

| time | [id] title | presenter |
|-------|---|-----------------------------|
| 15:45 | [535] Invited talk: Total-body multi-parametric PET imaging: recent advancements and future perspective for its clinical adoption | Prof. KARAKATSANIS, Nicolas |
| 16:10 | [536] Invited talk: Multi-organ kinetic modelling and connectome analysis for Total-Body PET | Prof. TAVARES, Adriana |
| 16:35 | [537] Invited talk: Ultrafast Timing Reconstruction-free Direct Positron Emission Imaging (dPEI) | Prof. KWON, Sun Il |
