

JS2024 : 5th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Tuesday 02 July 2024

POSITRONIUM IN FUNDAMENTAL AND MATERIAL PHYSICS (16:25-18:05)

time	[id] title	presenter
16:25	[565] Invited talk: Many-body theory of positron and positronium interactions with atoms and molecules	Prof. GREEN, Dermot
16:50	[566] Invited talk: Late-time decay for electromagnetic bound states	Prof. GIACOSA, Francesco
17:15	[567] Invited talk: Studies of ortho-positronium mean lifetime with the J-PET tomograph	Dr SHARMA, Sushil
17:40	[568] QFT approach to positronium decays	Dr PIOTROWSKA, Milena
