

JS2024 : 5th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Monday 01 July 2024

EXOTIC ATOMS AND NUCLEI, NUCLEAR PHYSICS (16:15-17:55)

time	[id] title	presenter
16:15	[549] Invited talk: Novel approaches to light hypernuclei with heavy ion beams, image analyses and machine learning	Prof. SAITO, Takehiko
16:40	[550] Invited talk: Observations of electron emissions from the DD reaction: its implications in fundamental and applied research	Dr DUBEY, Rakesh
17:05	[551] Invited talk: Chiral symmetry restoration in nucleus observed in pionic atoms	Prof. ITAHASHI, Kenta
17:30	[552] Invited talk: Kaonic Atoms with the SIDDHARTA-2 experiment	Dr NAPOLITANO, Fabrizio
