

JS2026: 6th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Contribution ID: 141

Type: **talk**

From Medical Isotope Research To Fundamental Nuclear Physics: Sub-Threshold ^{99m}Tc Production Suggests Possible Bound Dineutron State

Friday, 10 July 2026 10:05 (15 minutes)

Presenter: EGGIMANN, Lars (University of Bern)

Session Classification: Exotic Atoms & Nuclei, Nuclear Physics
