

JS2026: 6th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Contribution ID: 144

Type: **talk**

Distinct Spatial Resolution Advantages of Combining The TB-J-PET With A Brain PET Insert

Thursday, 9 July 2026 09:25 (15 minutes)

Presenter: RÄDLER, Martin (Department of Experimental Particle Physics and Applications, Jagiellonian University)

Session Classification: PET Imaging Innovations & Total-body PET
