

JS2026: 6th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Contribution ID: 172

Type: **talk**

Quantum Entanglement of Positron Annihilation Quanta: From Exploration of Fundamental Aspects To Application In PET Imaging

Tuesday, 7 July 2026 10:45 (20 minutes)

Presenter: MAKEK, Mihael (Department of Physics, Faculty of Science, University of Zagreb)

Session Classification: Quantum Entanglement in Positron Emission Tomography
