

JS2026: 6th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Contribution ID: 199

Type: talk

Positronium Ratio Imaging, Quantum Entangled PET And Double Photon Emission Imaging With A RingType Compton-PET Scanner

Monday, 6 July 2026 15:35 (20 minutes)

Presenter: SEO, Youngho (University of California, San Francisco)

Session Classification: PET Imaging Innovations (QE)
