

JS2026: 6th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Thursday 09 July 2026

PET Imaging Innovations & Total-body PET (09:00-10:10)

time	[id] title	presenter
09:00	[143] Next-Generation Affordable PET for Public Health: From Wearable Brain PET to Total-Body PET	PENG, Qiyu
09:25	[144] Distinct Spatial Resolution Advantages of Combining The TB-J-PET With A Brain PET Insert	RÄDLER, Martin
09:40	[145] Flexible, Mobile And Modular PET Imaging	RAZDEVŠEK, Gašper
09:55	[146] Performance Evaluation of A Brain PET Prototype With Crosshair Light-Sharing Detectors	NARITA, Kurumi
