

# 1st Symposium on Theranostics

## Sunday 10 October 2021

### Sunday Morning Session (09:00-10:40)

**-Conveners: Elena Perez del Rio**

time	[id] title	presenter
09:00	[18] Positron annihilation as a process to observe of the pathogenic tissue modification.	JASIŃSKA, Bożena
09:20	[30] Solid-liquid structure model for Ps-based oncological nanodiagnostics	ZGARDZIŃSKA, Bożena
09:40	[47] X-ray detectors for exotic atoms and other types of applications	CURCEANU, Catalina
10:00	[51] Test targets for J-PET experiments with medicine and physics	GORGOL, Marek
10:20	[29] Polystyrene-based plastic scintillators for theranostics applications	KAPŁON, Łukasz
