

KEYNOTE SPEAKERS

Prof. Abass Alavi
University of Pennsylvania, USA

Prof. Catalina Curceanu
National Laboratory of Frascati, Italy

Prof. Marco Durante
GSI Darmstadt, Germany

Prof. Jonathan Heddle
Malopolska Centre of Biotechnology, Poland

Prof. Leszek Królicki
Medical University of Warsaw, Poland

Prof. Zdenka Kuncic
University of Sydney, Australia

Prof. Paul Lecoq
CERN, Switzerland

Prof. Craig Levin
Stanford University, USA

Prof. Farida Selim
Bowling Green State University, USA

Prof. Taiga Yamaya
QST, Japan

Prof. Sibylle Ziegler
LMU Munich, Germany

Prof. Piotr Slomka
Cedars-Sinai, Medicine, Los Angeles, USA

Prof. Guobao Wang
University of California, Davis, USA

Prof. Georges El Fakhri
Harvard Medical School, Boston, USA

JAGIELLONIAN UNIVERSITY
IN KRAKÓW

4th Jagiellonian Symposium on Advances in Particle Physics and Medicine

Kraków, 10 - 15 July 2022
Collegium Maius & Collegium Novodvorscianum

SCIENTIFIC SESSIONS

- ▶ Preclinical imaging
- ▶ Clinical imaging
- ▶ Positronium in medicine
- ▶ Total-body PET
- ▶ Positronium in physics
- ▶ Particle detection technologies
- ▶ Particle therapy
- ▶ Exotic atoms and nuclei
- ▶ Radiopharmaceuticals
- ▶ Artificial intelligence for medicine
- ▶ PET imaging innovations

CHAIRS

Prof. Paweł Moskał
Jagiellonian University, Poland

Prof. Ewa Stępień
Jagiellonian University, Poland
